# TECHNICAL RANGE

NEW

NEW Performance focused mountain bike pants and shorts. An ultra-light build and strategically placed pockets to carry all your essential items. The slim silhouette of these pants and tapered leg mean you're less likely to get caught up in the pedals while the shorts maintain a comfortable loose fit. The Technical stretch fabric is lightweight and will easily fit your armour. Built to perform on the bike, these are ready to roll.

Key Features:

- Built to perform on the bike and relax off the bike
- Technical stretch fabric allows room for padding and armour
- Adjustable waist cinch with snap closure for a custom fit
- Two zippered hand pockets

MTB SHORTS  
49.99

MTB PANTS  
79.99

## DON'T FORGET YOUR SOCKS!

Key Features:

- Arch support
- High heel
- Targeted ankle support
- Cushioning on heel and toes
- Airflow control technology
- Quick drying

## RESPONSIBLE, ENVIRONMENTAL & ANIMAL FRIENDLY TSHIRT MANUFACTURING

We are only too aware of the importance of sustainability and responsible manufacturing and one day hope to achieve a fully sustainable business. The Global Organic Textile Standard (GOTS) was developed by leading standard setters to define world-wide recognised requirements for organic textiles. From the harvesting of the raw materials, environmentally and socially responsible manufacturing to labelling, textiles certified to GOTS provide a credible assurance to the consumer. The People for the Ethical Treatment of Animals (PETA) Foundation is a UK-based charity dedicated to establishing and protecting the rights of all animals.
